

STATEMENT OF PURPOSE

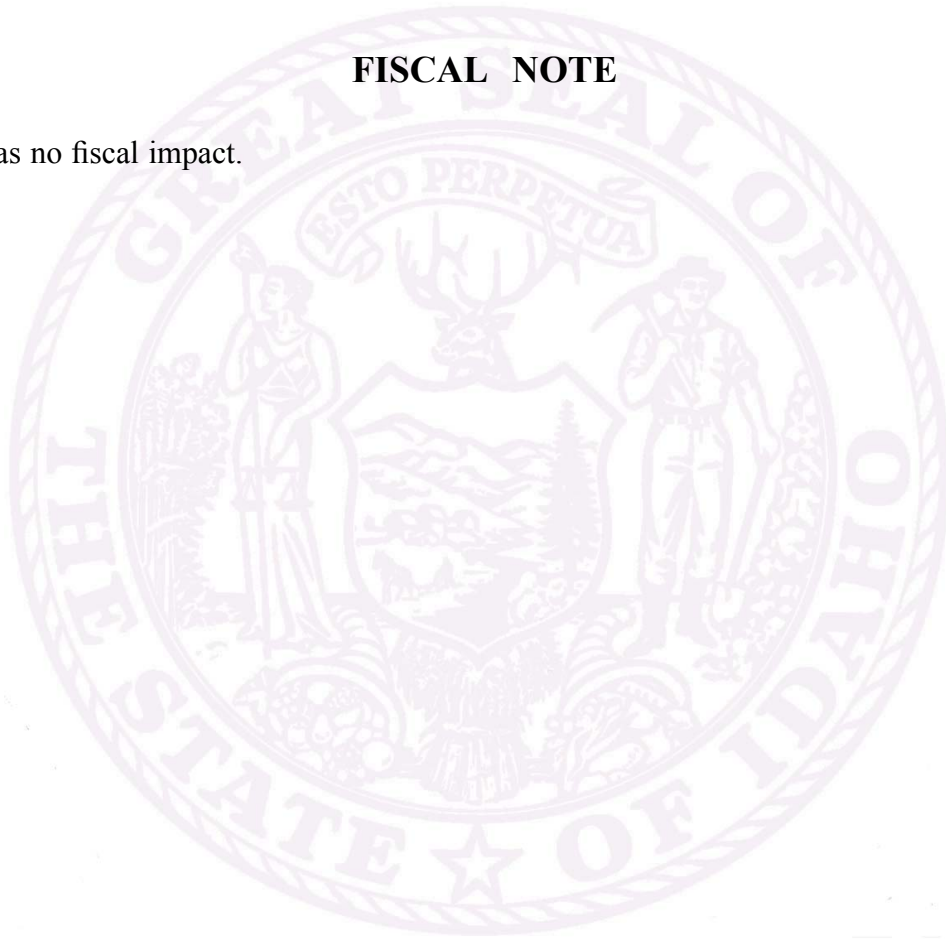

RS21663

This proposed legislation amends Section 23-903, Idaho Code, relating to the transfer of licenses issued for the retail sale of liquor-by-the-drink.

Amendments to Section 23-903, Idaho Code, would clarify the transfer of licenses issued under that section, which authorizes the issuance of licenses based on population in cities, and as specified in Section 23-908, Idaho Code. This legislation amends and provides sub paragraphs for specific types of licenses as described in this section. It will remove the conflicting last sentence of this section prohibiting transfers.
